### Two quilts from one panel!

**General Instructions - Read this First! Read all the instructions prior to cutting and making your quilt.**

All seams are 1/4", wof= width of fabric.

Each quilt begins with a center panel. Cut the center to measure 21" x 24".

If you find you are unable to start with this measurement, adjust the width of the first border accordingly.

#### (Pinwheel Quilt continued)

Piece side borders alternating the pinwheels with 4 1/2" squares of Naples yellow flowers:

- Side 1: (3) pinwheels alternating with (4) squares. Begin and end with a Naples yellow flower square.
- Side 2: (4) pinwheels alternating with (3) squares. Begin and end with a pinwheel block.

Top and bottom borders are made with 4 pinwheels alternating with 4 squares. Add to quilt. Please refer to quilt photo.

#### BLUE STAR BORDER

Sew 2 1/2" x 36 1/2" strips to sides of quilt and then to the top and bottom.

#### QUARTER SQUARE TRIANGLE BORDER

- Use 5 1/2" squares of blue dot, green paw print, vanilla dot and blue star fabrics.
- Pair together the vanilla dot fabric with blue star fabric and pair blue dot fabric with sage paw print.
- Following instructions for half-square triangles, make (20) of each set.
- Press the seams open for easier piecing. Pair up the two sets, right sides together, matching seams.
- Draw a line corner to corner on the wrong side of one unit.
- Sew a scant 1/4" from each side of the drawn line.
- Cut the squares apart on the line and press seams.

- Trim the "ears", and if necessary, square the blocks to measure 4 1/2". Each set will make two blocks. Make 38 blocks total. (You will have extra.)
- Piece the side borders with a row of (10) blocks in each and add to the sides of the quilt top. (Use quilt photo as a guide.)
- Then make the top and bottom borders with (9) blocks in each. Corners: From the 4 7/8" squares of blue star and red mouse fabrics, make (4) half square triangles.
- Sew a half-square triangle to each end of the top and bottom borders, sew to the quilt.
